Inspection Fixture Control P7.5-4 Rev B

Supervisor or Designee

Additions of or modifications to fixtures must be approved by IE or QM.

Have Tool Room or supplier make new fixture then update Master List of Fixtures . Assign new number to fixture. Fixtures are marked Customer ID, HP for Hi pot fixture, ID for ID fixture, OD for OD fixture, and the is number, EX General electric Hi Pot Fixture - 1st style or issue = GE-HP-01.

If Fixture is modified or repaired then have Tool Room Document changes on Tool Room Work Log.
